

British by Design

Prompt Delivery

Comar is British by Design. Aluminium facades for curtain walling, windows, doors and ground floor treatment provide longevity and compliance to British Standards. The British designed infrastructure delivers to the uniquely demanding, time critical British construction market, ensuring consistent cost efficiencies.

Comar has built its business by consistently delivering on time. It has a market leading stock holding capability with over 700 integrated aluminium profile sections ready to supply on demand. The wholly owned logistics fleet delivers to its nationwide Comar approved fabricators ready for manufacture and installation with the fastest lead times in the industry.

A team of Architectural Advisors, Technical Engineers and Estimators supports projects at all stages of the tender process giving design advice, technical detailing and costings to ensure the right aluminium façade solution is delivered on time, every time.

For further information, contact projects@parksidegrp.co.uk or simply call on 020 8685 9685 to organise a meeting with your regional Comar Consultant.
