

## Peugeot Showroom - Barnstaple

The architects for this project invited Alan Spear and Comar Architectural Aluminium Systems to work with them as they had worked closely with them on previous developments.

This futuristic building consisted of a segmented showroom with a rectangular showroom attached, numerous Comar 5lt windows of various designs, Comar 7 entrances, Comar 3 sliding vehicle access door and automatic door for the main entrance. The Comar 3 ground floor framing was powder coated to the new Peugeot colours specified, complete with windows double-glazed and showroom single glazed.

The automatic doors were fitted with Geze SL automatic door gearing, complete with sensors and radar controls.

### PROJECT DETAILS

**Architects**  
Mike Smith Associates.

**Fabricator**  
Alan Spear Ltd.

**Main Contractor**  
Mike Boundy.

**Project Value**  
£66,000.

**Systems Used**  
Comar 1 Single Glazed Ground Floor Treatment, Comar 3 Double Glazed Ground Floor Treatment, Comar 5lt 45mm Windows, Comar 6 Curtain Walling and Comar 7 Doors

**Location**  
Barnstaple.

# Peugeot Showroom - Barnstaple

**Comar, the leading British Aluminium Systems House, designs and extrudes over 700 aluminium profile sections. A team of specification consultants provide project-by-project design, calculations and NBS specification advice to architects. Comar distributes profiles to a nationwide network of fabricators for manufacture and installation.**

## Retail Aluminium Architecture

Inherent strength and slim sight-lines make Comar aluminium the specification product of choice for all retail outlets. Comar offers extensive systems which integrate to provide aesthetic appeal to potential retail customers.

Step through Comar 7, an extensive range of sliding, automatic, folding or swing doors. Overhead Comar 6 creates sloped, pitched or barrel vaults which cast light throughout the retail complex or outlet. Comar 1,3,4 & 8 integrate with Comar 7 to provide shop-fronts with various angle returns and height capability, Comar 6 curtain walling houses the envelope with a variety of cover caps which complement panels and glazing.

## Commercial Aluminium Architecture

Statement of function is the key element of commercial building design. From designing industrial units to corporate headquarters the flexibility of Comar Aluminium Systems can integrate with panel systems and provide curtain wall with opening vents and windows in a variety of configurations. Comar can

powder coat the aluminium system to your RAL, BS or Syntha Pulvin colour to complement the façade.

## Education & Public Building Aluminium Architecture

Comar have worked in conjunction with Local Authorities to design specific products for use in the education and public building sector. The nature of public building construction demands cost effective, robust solutions. Comar 2 is a cost saving alternative to curtain walling, creating glazed façades for medium rise buildings, stairwells and entrances. Comar 2 integrates with Comar 5 and 5LT windows with espagnolette locking handles to provide security and Comar 7 Doors with anti-finger traps to provide safety. Comar's integrated systems ensure a cost effective, aesthetic façade with security and safety as standard.

## RIBA CPD Provider

Comar provides RIBA assessed CPD Seminars to architects & specifiers throughout the UK. There are two seminars available, please complete the faxback for further details.
